¹ This column indicates manufacturer recommended pump for use with listed consumable.

² If a 'Lure lock' connection type is indicated, the product may be compatible with other pumps. Please note that the pump manufacturer may decline to provide support (or honour warranties) in the event that problems arise while utilising a pump consumable manufactured by another company. A 'Proprietary' connection type indicates that the product is made specifically for the recommended pump (e.g. 'Paradigm only' or 'Dana only') and is not compatible with other connection types.

³ 'sets' indicates equal number of cannulae and lines, e.g. '10 sets' = 10 cannulae + 10 lines.

⁴ Please note that there are no additional concessions on subsidised insulin pump consumables.

Inset products include an additional co-payment of \$20.00 per box to fund the integrated inserter.

Supplier codes:

AMSL - Australasian Medical & Scientific Limited (Animas/Unomedical) Medtronic - Medtronic Australasia (Minimed) DAA - Diabetes Association of Australia Roche - Roche Diagnostics (Accu-Chek)

MSA - Medical Specialties Australia (Deltec/SpectRx)

Needle/cannula angle & type: straight, metal = sm straight, Teflon = sT angled, metal = am angled, Teflon = aT
